

## Pursuit Vision Center Office Safety Protocols

In order to protect the health of our staff and patients we have modified our appointment and office protocols to follow the guidelines provided by the American Optometric Association, the Pennsylvania Department of Health and the Centers for Disease Control and Prevention. We have limited our schedule to allow for extra time for cleaning and disinfecting following patient visits and throughout the day.

In order to maintain the highest safety level possible for you, your family and our staff the follow policies need to be followed:

- Please use our new entrance at **#24-D** and check in with the receptionist.
- Seating is available in the reception area.
- Masks are now **optional** in the building; *if you don't have a mask and want one, you may purchase one from our office for \$3.00.*
- We will ask you to **wash your hands** with soap and water immediately upon entry into the office.
- Only **ONE guardian** may accompany a child into the practice. We ask that siblings not be brought into the office.
- We have removed the waiting room chairs inside our office to limit exposure and abide by the social distancing rules.
- Stay **6 feet away** from others.
- Our schedule will be **spaced out** to allow for proper disinfection in between patient visits.
- Payment, paperwork and conferences will be completed by **phone or e-mail** as much as possible.
- If you or anyone in your home has any symptoms of a viral illness, including a fever or cough, has tested positive for COVID-19, or has been exposed to someone who has tested positive for COVID-19 please let us know and **stay home**.

We look forward to seeing you and appreciate your continued cooperation, patience and support.

Thank you!
